EDUCATION

General Assembly

August 2019 - February 2020, Online

Flex Software Engineering Program - 24 week intensive program with a focus on software engineering, how to create full functioning, dynamic web sites and apps.

Udemy.com

Completed: The Web Developer Bootcamp course by Colt Steele

Completed: Web Design: Real World Coding & CSS by Brad Schiff

The Kubert School

September 2012 - May 2015, Dover, New Jersey

Three year art program focusing on commercial art, design and color with a focus on how to use art to create brands, stories, genres and moods.

I am a front end & full stack developer with a background and passion as an artist, illustrator, and painter. My love for, and experience in art informs everything I do as a developer: from working well within a team on deadlines, to making changes when needed, but most importantly creating a product or website that is not only beautiful but also functional and accessible. In commercial art everything has a reason for being, it is not art for the sake of being art: it has a function and role. This is a knowledge and skill I apply to my code, the behavior, and appearance of whatever I decide to create.

PROJECTS & EXPERIENCE

Shane George Illustration - 2020

A freelance project and online portfolio website created for an illustrator. Created with NextJS & Contentful and deployed using Vercel.

DV Leap Healing Project - 2020

Volunteer project, assisted DV Leap in designing and creating a new page for their charity campaign DF Leaf Healing Project. Created with Webflow.

Easy Bank Landing - 2020

Frontend Mentor challenge in which I coded a pre-designed bank landing page. Coded in React with SASS.

Splashes of Color - 2020

Portfolio site, created using React, Sass, and Contentful.

Art Marks - 2020

Bookmarks management app, created using React & Ruby on Rails.

OTHER EXPERIENCE

Freelance Illustration & Design 2015 - present

Includes illustration, color work, and project assistance for companies such as: *Buzzfeed, Discovery Channel UK, Angel Stadium of Anaheim, Archie Comics, ChapterHouse Publishing, BlackCraft Cult Clothing, and The Kubert School.*
